# Lindsay Lohan I Worked My Ass Off At The Morgue

GOT A TIP? (888) 847-9869

OR TYPE HERE...

EXCLUSIVE

**Lindsay Lohan** didn't want to be a stiff during her first day at the morgue ...so she went in and washed soiled linens, scrubbed toilets and seemed to enjoy her time with the other volunteers ... sources tell TMZ.

We're told LiLo said she felt "terrible" about showing up late and being such a distraction on Thursday, so she went to bed early to avoid a repeat performance.

Lindsay, we're told, didn't act like a spoiled brat. Like so many of her friends, she got down on her hands and knees .... and cleaned floors. She even socialized with some of the other volunteers.

As for **the whole burger and cupcake thing** ... Lindsay told friends she wasn't trying to bribe anyone ... but the gesture was just another way to show the staff how sorry she was for being late the day before.

## Mrs. America Pageant Sues We Gave You Our Women, Where's Our Money?!

**Mrs. America** doesn't give it up for free ... even to bigshot TV producers ... and now the company behind the pageant is going after a network that aired the competition without paying up ... this according to a new lawsuit.

The Mrs. America pageant (it's like Miss America without the oral sex ... just KIDDING!) ... claims it had a deal with My Family TV to bank 50% of all ad revenue on the broadcast of the 2011 contest.

Mrs. America claims My Family TV had 60 days to pay up after the May 8th broadcast -- which featured Florence Henderson BTW -- but the network has flaked out in a big way.

Now, Mrs. America is demanding their money -- more than \$50,000.

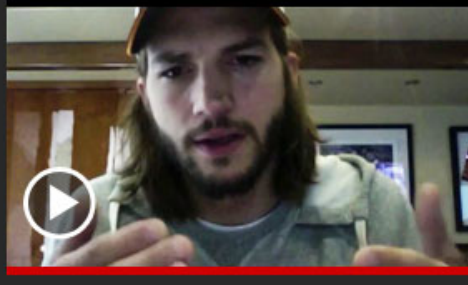

So far, no comment from My Family TV.

earlier this week ... and he could wind up behind bars.

Law enforcement sources tells TMZ ... the Burbank City Attorney has charged Musso with driving under the influence of alcohol and driving with a blood alcohol level of .08 or higher -- both misdemeanors.

If convicted on both counts, 20-year-old Musso faces a maximum of 6 months in jail and a \$1,000 fine.

TMZ broke the story ... Musso was pulled over at 3:43 AM Sunday ... after he allegedly failed to slow down for cops who were directing traffic for an unrelated accident. Cops suspected he was hammered and placed him under arrest.

The actor is due back in court on Nov. 11.

## 'American Hoggars' Under Attack for Ultra-Violent Pig Slaughter

The gun-toting family on A&E's new reality show "**American Hoggars**" are under fire from an animal rights group for the gruesome way the pigs are "tied up and shot" on the show ... TMZ has learned.

In case you haven't seen it -- "American Hoggars" follows Jerry "Hog Boss" Campbell ... and his family as they hunt and kill feral pigs ... armed with hunting dogs and guns. It's pretty graphic ... even for A&E.

The show just premiered this week -- and it didn't take long for PETA to take notice. In fact, the animal rights org. has just released a statement saying, "the Campbells' show promotes cruel animal-control measures and gross mistreatment of wildlife."

PETA claims it acknowledges that feral pigs can be problematic in parts of Texas, but the group says, "If property owners insist on lethal control, then feral hogs should be cage-trapped and afforded a quick, painless death."

We reached out to A&E for comment, and so far haven't received a response.
